[MESSAGE FROM THE HEADMASTER]

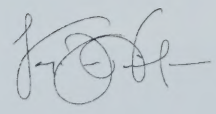
Class of 2018,

As you prepare to move forward to the next chapter of your lives, it is my hope that you use the academic and life lessons learned throughout your high school journey as your guide. I challenge you to look within yourselves and make a commitment to practice self-love and to discover your purpose. We are all blessed with one life to live, and each passing day records our story. Therefore, consider each day a novel in progress. Understand that each word we speak, thought we think, decision we make, and step we take determines the end. So I ask you, what is your theme? What are the life lessons you want others to learn as a result of your experiences? What do you want the people of the world to read, know, and remember about you? What legacy will you leave behind? Remember, your life is your story, and I charge each and every one of you to be the sole author.

Class of 2018, position yourselves professionally by earning Bachelors, Masters, and Doctoral degrees so that you can attain upstanding careers and participate in positive experiences that will change our communities and the world for the better. The time has come for you to pay it forward. In your transition, I want you to always keep these three things at the forefront of your minds:

1. Stay focused and committed to what you want most out of life. Do not allow momentary pleasure or the challenge of hard work take you off of your path.
2. As you live from day to day, do not just accept things the way they are. Instead, be inspired to make them better. This includes your life circumstances.
3. You have the strength and resilience to achieve at exemplary levels. I quote James Baldwin in saying, "'Know from whence you came. If you know whence you came, there are absolutely no limitations to where you can go." Always know and believe: You are the best because you are O'Bryant!

Sincerely,



Dr. Freeman-Wisdom

[Special Messages]

Ms. Tsoutsis

Congratulations to the Class of 2018--it has been a privilege working with you during your time at OB. We wish you the best of luck as you embark on your next adventure and know that you will accomplish great things!

- Ms. Tsoutsis

Ms. Nolan

I have so enjoyed watching your class grow now you are forever O'Bryant and also the world's. Our world will be a better place by the work that all of you will do individually and collectively in society.

- Take care, Ms. Nolan

Mr. Pires

Congratulations on achieving this milestone! You've experienced many changes during your tenure here at the O'Bryant. Changes, however, aren't always a bad thing. Adaptability is required to persevere through all of life's challenges and roadblocks. Continue to strive for excellence, be amenable to those with greater life experience, and have fun while transitioning to the next phase of your life. It has been a pleasure to get to know you and work with you these past two years.

- With gratitude, Mario Pires

Mr. MacLeod

To the Class of 2018, you will always hold a special place in my heart. I have known many of you for almost six years and others for almost four. You arrived to the O'Bryant as enthusiastic (sometimes too enthusiastic), intelligent 7th and 9th graders with great potential and have matured into a group of fine young adults with such bright futures. I am proud of you and respect what you have accomplished, often in the face of significant challenges. As you move on to college, careers, and life, I ask that you continue to embrace the ideals of O'Bryant PRIDE - Perseverance, Respect, Integrity, Discipline and Excellence. In doing so, I am confident that you will be successful. Remember: "You are the best, you are O'Bryant." Best wishes and keep in touch.

- Mr. MacLeod
